

Global Opportunity Engine

SUMMARY

Global Opportunity Engine is an AI-powered Opportunity Intelligence Platform that helps people of every age discover scholarships, fellowships, conferences, internships, exchange programs, grants, competitions, research opportunities, leadership programs, volunteer opportunities and career pathways worldwide.

PRODUCT VISION

Global Opportunity Engine is an AI-powered Opportunity Intelligence Platform that helps people of every age discover scholarships, fellowships, conferences, internships, exchange programs, grants, competitions, research opportunities, leadership programs, volunteer opportunities and career pathways worldwide.

Unlike traditional scholarship websites where users manually search through thousands of opportunities, Global Opportunity Engine allows users to simply describe themselves once.

The AI understands their profile, analyzes their strengths and weaknesses, evaluates their readiness for their dream goals, finds matching opportunities from around the world, and creates a personalized roadmap to improve their chances.

The platform should feel like having an admissions consultant, scholarship advisor, career coach, and AI mentor available 24/7.

CORE PHILOSOPHY

Simple.

Fast.

Minimal.

AI First.

Trustworthy.

Designed for everyone.

The interface should never overwhelm users.

The user should feel like they are simply chatting with an intelligent advisor.

TARGET USERS

High School Students; College Students; University Students; Graduates; Researchers; Professionals; Teachers; Entrepreneurs; Career Changers; Anyone looking for opportunities worldwide

PRODUCT GOAL

Allow users to receive highly personalized opportunity recommendations without creating an account.

No signup.

No login.

No lengthy forms.

Only one detailed profile summary.

CORE USER JOURNEY

Landing Page → Start Free Evaluation → Write Profile Summary → Select Dream Country → Select Dream Degree → AI analyzes profile → AI Chat Assistant becomes available → User receives complete personalized dashboard → Continue chatting naturally with AI

LANDING PAGE

Design should be premium and minimal.

Large Hero Section

Beautiful global illustration

Clean typography

Soft gradients

Rounded cards

Smooth animations

Hero Title: Discover Global Opportunities Powered by AI

Hero Subtitle: Tell us about yourself once.

Our AI will analyze your profile, identify your strengths, evaluate your readiness, recommend opportunities from around the world, and create your personalized success roadmap.

Primary Button: Start Free Evaluation

Secondary Button: How It Works

PROFILE SUMMARY

This is the most important part of the platform.

The page should contain one large writing area.

Title: Tell Us About Yourself

Description: This is the most important step of your evaluation.

Our AI carefully analyzes everything you write to understand your academic background, experiences, achievements, interests, and future goals.

The better your summary, the better your recommendations.

Take your time and include as much relevant information as possible.
